

Welcome

Tim Davies – Head of Supply Chain, Working on behalf of UKAEA

8th Supplier's Event

**“To lead the delivery of
sustainable fusion energy and
maximise the scientific and
economic benefit.”**

UKAEA’s Mission Statement

Housekeeping

No fire alarms are scheduled for today

Presentations will be streamed live but will not be recorded

Presentation slides will be distributed after the event

We will send out a feedback form post-event – please fill this out and help us improve our events

How we have used your feedback:

Engagement

- More in-person opportunity to engage and network, such as with other delegates and UKAEA staff, grads and apprentices
- Increased interactivity
- Majority expressed face-to-face events are preferred

Venue

- Preference for OAS venue expressed
- Suggestions of external venues which have been logged and will be considered for future events to ensure accessible to all

Remaining hybrid

- We recognize the benefits of keeping a virtual element to our events
- Allows international orgs to stay updated
- Continuous improvement as to how this works and our equipment

Agenda

- Introduction
- Social Value – Richard Scarlett, BEIS
- JET Decommissioning – Carrie Leadbeater-Hart, UKAEA
- RACE – Steve Gilligan, UKAEA
- Materials – Chris Smith & David Foster, UKAEA
- OAS – Paul Smith, MTC
